About This Game

"I Am You From The Future! No Time To Explain, Follow m-OH CHRIST!"

Chase your future self through time and alternate realities while fighting giant monsters, collecting hats, and eating cake! No Time To Explain is a game about Time Paradoxes, Jetpack Guns and Ribs In People's Eyes. It's a comedy platformer featuring great music, voice acting and gameplay that becomes more ridiculous as you go.

About tinyBuild

We're an indie game development and publishing company. No Time To Explain is our first game. It came out of a successful Kickstarter and Greenlight adventure. Since No Time To Explain, we started helping other developers with their games. After getting enough muscle behind our internal studio, we came back to No Time To Explain, and completely remade the game in a proper engine. No Time To Explain Remastered is free for everyone who owns the original!
