A: If you are using legacy Mode, you need to open SketchUp 2016 or SketchUp Pro 2018, download the license (you can use the same.dll), and download the recent version of Layout with Installer. After that, install a License. Source: SketchUp Pro for legacy users

A: I have exactly the same problem, but had a different solution.. I use SketchUp Pro 2020 (legacy mode) and even though it's free, I got the same problem: "Sorry, this instance of SketchUp Pro is not licensed. So I searched a lot and finally found this source: Based on the title, I gave it a try, and it seems to have worked for me. It shows in my PC only SketchUp Pro 2020.. There is also a SketchUp Pro 2019 and SketchUp Pro 2019. A: Install Layout in the same folder with the other files for 2018 Pro or 2016 Pro. So if you were running 2017 Pro it was in this folder: C:\Program

Files\Autodesk\SketchUp\Layout

A: I finally have the problem solved. the download for edit layout solved the problem. SUV News Nissan Rogue Sports, Rogue Latitude Hatchback and Sail deliver all-new dynamic performance for the '18 model year. Exterior design cues include a stylish new hood,

Mar 1, 2019 It looks like Realtek HD Audio Manager is causing the “SketchUp cannot open due

to a License error.” issue. The workaround, for now, is to go to Mar 1, 2019 I have recently purchased a SketchUp Pro and I can't open it. I get the message “Sorry, this instance of SketchUp Pro is not licensed.” Feb 14, 2019 Sorry if this is not the right place to ask this question. I'm a little confused. I have purchased the SU Pro starting from the 2014 version . Jun 16, 2019 “if you have never owned a company related software product from Autodesk in the past 10 years then you are not eligible to become a customer after purchase . Now, I've never been a millionaire, and I've never played the lottery, I don't know how to explain how much this has surprised me. We pride ourselves on our work and now we'll have to call it a day! SketchUp Pro says “Sorry, this instance of SketchUp Pro is not licensed.” . Also while I do have a license, it's older than its validity is expired, not even close to the current expiration date Aug 20, 2019 The licenses expire after a certain period of time, not the number of months on the license. If you want to extend the expiration date, you must contact Autodesk Support. . I have the 2015 version that was \$129.99 (the discount makes

me want to cry and makes me extremely angry) Aug 21, 2019 “I have a 2015 license purchased via Amazon Prime (not Autodesk Store) that is showing in Settings/Licenses but SketchUp Pro says it is Not licensed” I have the 2015 version purchased via Amazon Prime (not Autodesk Store) that is showing in Settings/Licenses but SketchUp Pro says it is Not licensed Feb 23, 2019 The license in question I purchased through Autodesk Store is expired, before the number of months on the license. It states the number of months on the expiration date, not the number of days. A current license is good for its expiration date. If you want to extend the expiration date, you must contact Autodesk Support Feb 25, 2019 If you have purchased the 2015 version, try to register it again, to f678ea9f9e
